PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building modern, responsive web applications using the **MERN stack (MongoDB, Express, React, Node.js)**. Strong background in system support, data management, and API integration, with proven ability to debug, optimize, and maintain reliable applications. Adept at working in collaborative, fast-paced environments and continuously learning emerging technologies to deliver efficient, user-focused digital solutions.

TECHNICAL SKILLS

Frontend Development

- React.js, JavaScript (ES6+)
- HTML5, CSS3, Tailwind CSS
- Responsive & Mobile-First Design

Backend Development

- Node.js, Express.js
- RESTful API Development & Integration
- Authentication & Authorization (JWT basics)

Databases

- MongoDB
- MySQL / SQL (fundamentals)

Tools & Technologies

- Git & GitHub (version control)
- Postman

- Vercel & Render Deployment
- WordPress & Wix

Other Skills

- Debugging & Testing
- Agile & Team Collaboration
- System Support & Troubleshooting
- Data Management & Basic Analysis

PROJECTS & PORTFOLIO

Personal Developer Portfolio

🔗 https://davis-s-modern-portfolio-frmw.vercel.app/

- Designed and developed a modern, responsive developer portfolio using **React**.
- Showcases full-stack projects, technical skills, and contact functionality.
- Deployed on **Vercel** with optimized performance and clean UI.
- Focused on accessibility, responsiveness, and professional presentation.

(Additional projects available on GitHub)

PROFESSIONAL EXPERIENCE

IT Support / Data Support Officer

Social Health Authority (SHA) – Kenya
October 2024 – Present

- Supported and maintained digital systems handling large volumes of sensitive data.
- Verified, validated, and updated electronic records to ensure data accuracy and integrity.
- Retrieved system data and generated summaries to support reporting and decision-making.
- Assisted during data audits and quality assurance exercises.
- Strengthened troubleshooting, analytical, and system reliability skills.

Cyber Assistant / Data Entry Clerk

July 2024 – September 2024

- Entered and validated client data into digital systems and online platforms.
- Assisted users with online form submissions, reducing errors and delays.
- Organized and maintained secure electronic and physical records.
- Developed strong attention to detail and accuracy under time constraints.

ICT Intern

National Hospital Insurance Fund (NHIF) – Kenya
May 2023 – August 2023

- Assisted in maintaining and updating institutional databases.
- Supported system troubleshooting, backups, and data security procedures.
- Helped prepare reports and retrieve data for operational use.
- Gained exposure to enterprise IT environments and structured workflows.

ICT Support Assistant

Local Community Center
June 2022 – April 2023

- Provided technical support for computer systems and basic networks.
- Managed digital records and assisted with data entry for training programs.
- Supported users with software installation and troubleshooting.

EDUCATION

Bachelor of Science in Information Science (ICT)
Mount Kenya University – 2025

CERTIFICATIONS & TRAINING

- **Power Learn Project (PLP)** – Software Development (Full Stack)
- **Cisco Network Academy** – CyberOps & Introduction to Cybersecurity

- **Open University of Kenya** – Mental Health Awareness & Business Modeling
- **Data Management & Basic Data Analysis** (Practical Experience)

KEY STRENGTHS

- Strong problem-solving and debugging skills
- Excellent communication and teamwork abilities
- Adaptable and quick to learn new technologies
- High attention to detail and code quality
- Self-motivated and results-driven
